	<u>POLICY STATEMENT</u>	APPROVED BY	Abdul Kamdor
		ISSUE DATE	16 th November 2017

Road Traffic Safety Management System

KDG Logistics recognizes that the RTS is an effective tool to improve safety, and create a holistic approach to payload and fleet management. We firmly believe that our employees and all interested parties are vital to our organization and therefore pledge to:-

- Establish, implement and maintain a RTSMS in line with ISO 39001:2012;
- Ensure safety to all road users by seeking to eliminate death and serious injuries;
- Comply with applicable legal, industry and other requirements;
- Continually improve our operations by improving the RTS performance;
- Identifying risks and opportunities, and managing these in an effective and efficient manner.

Environmental Management System

We believe that everyone has the right to a safe and healthy environment, inside and outside the workplace. We believe that we have a special role to play in safeguarding, upholding, and promoting that right. We believe that we have an obligation and a responsibility to minimize any harm to the environment around us, as we strive to build a better world with our Service, Products and Technology. We therefore pledge ourselves to protect the natural environment, minimize adverse impact, and prevent pollution in the course of our activities, products and services as an organization with a focus on technical excellence and delivery, by:

- Establish, implement and maintain a EMS in line with ISO 14001:2015;
- Managing our activities, products and services in an environmentally sound manner;
- Ensuring the environmental integrity of our activities, products and services;
- Continually improving, managing and integrating Environment, Health and Safety standards throughout our organization;
- Protecting the natural environment, minimizing adverse impact, and preventing pollution in the course of our activities, products and services;
- Meeting the requirements of all relevant legislation, regulations and related requirements.
