	Introduction of new fuel-efficient Volvos to replace older models	Remove high milage Volvos for new fuel efficient Volvos	Webfleet reports and analysis Fleet inventory	Toni – CO2 reports Shabbir – Director
--	---	---	--	--

Objective	Target and KPI	Actions Required	Method for Monitoring, Measuring and Communicating	Responsibility
3.Reduction in spills				
Reduce the risk and minimize the impact of spills from transporting vehicles by implementing maintenance schedule on all vehicles and upgrading the fueling area				
Reduce hydraulic and oil spills	5% reduction in spills for 2025 vs 2026	Ensure vehicles are correctly serviced on time to improve reliability	Service register Incidents register	Rodney -OPS manager Leroy – Compliance officer

Objective	Target and KPI	Actions Required	Method for Monitoring, Measuring and Communicating	Responsibility
4.Reduction in paper usage				
Reduce the amount of paper used by introducing digital inspections and logistics software.				
Reduce annual paper usage	5% reduction in use of paper by December 2026	Digital inspections to be implemented	Monthly inspections and tyre report Tracking paper saved and used	Leroy – Compliance officer
