

	ISO 14001:2015 ENVIRONMENTAL MANAGEMENT SYSTEM	Doc Number	EM-PR 01 A
	<b><u>GENERAL REQUIREMENTS</u></b>	Compiled By	OBS
		Approved By	Abdul Kamdor
		Clause Reference	4.4 & 5.2
		Issue Date	16 <sup>th</sup> November 2017

### **1.0 Purpose**

This procedure provide guidance to KDG LOGISTICS on the requirements for compliance to the Environmental Policy Manual and ISO 14001:2015

### **2.0 Scope**

To define an Environmental Management System for KDG LOGISTICS.

### **3.0 References:**

ISO 14001:2015

### **4.0 Responsibilities**

#### **4.1 GENERAL REQUIREMENTS**

KDG LOGISTICS will develop, implement and maintain an Environmental Management System (EMS) in accordance with the requirements of ISO 14001:2015.

#### **4.2 ENVIRONMENTAL POLICY**

The Environmental Policy as approved by the Top Management of KDG LOGISTICS can be found in the Environmental Policy Manual. The framed policy, signed by Top Management, shall be placed in all strategic areas of the organisation. This policy shall be communicated to all company employees and relevant parties and shall form part of the awareness training.

The Environmental Policy is available to the public at KDG LOGISTICS's reception or from the Management Representative on request. This policy complies with the ISO 14001:2015 requirements in the following manner:

- We believe that all the people of this nation have the right to a safe and healthy environment, inside and outside the workplace.
- We believe that we have a special role to play in safeguarding, upholding, and promoting that right.
- We believe that we have an obligation and a responsibility to minimise any harm to the world around us, as we strive to build a better world with our Service, Products and Technology.

In keeping with this vision, we therefore pledge ourselves to:

Protect the natural environment, minimise adverse impact, and prevent pollution in the course of our activities, products and services as a project-driven organisation with a focus on technical excellence and delivery;

~Managing our activities, products and services in an environmentally sound manner;

~Ensuring the environmental integrity of our activities, products and services;

~Continuously improving, managing and integrating Environment, Health and Safety standards throughout our organisation;

~Protecting the natural environment, minimising adverse impact, and preventing pollution in the course of our activities, products and services;

~Meeting the requirements of all relevant legislation as a minimum standard;

~Conducting Environmental reviews within our organisation, and commissioning regular audits by objective parties.
