**Integrated Waste Management Services**

Waste Trans is as a leading provider of waste management solutions in KZN, as well as a 25 year standing member of the Institute of Waste Management of South Africa. As a result we have the responsibility to conform to shifts in the industry in the best interest of our clients, communities and the environment.

We have quoted all inclusive prices, which are irrespective of the tonnage per a bin. This allows businesses to better calculate their monthly waste bill as it is fixed, instead of the transport + disposal cost method.

We have 4 Material recovery facilities in Durban which we use to manage waste before transportation to the respective landfill sites. We aim to reduce waste disposed as much as possible in order to move towards our goal of zero to landfill waste management.

**Size of Bin : 11 Cubic Metre Bin.**

**Waste Classification : General Waste**

**Price is as follows: 11 Cubic Meter - General Waste**

**Placement Price : 1 x 11 cubic metre waste bin : No Charge  
[Once Off]**

**Lift Price : 1 x 11 cubic metre waste bin : R 2895.00  
[ per lift ]**

**Rental- Monthly : 1 x 11 cubic metre waste bin : R 595.00  
[ per month ]**

All prices above are exclusive of Vat but includes all other related costs ( Transport, Disposal etc ).

**\*\* Please note Hazardous or Liquid Waste are to be disposed of separately \*\***

We commit to a 24hr turnaround time from the order of a skip replacement. All our skips are replaced with a new skip upon arrival.
